

ENERGY EFFICIENCY FINANCIAL INCENTIVES RETROFIT LIGHTING MEASURES FOR BUSINESS CUSTOMERS

The following information is provided as part of an incentive program to encourage non-residential customers to select and install energy efficient equipment for their facilities. This program is brought to you by participating municipalities and cooperative members of Minnkota Power Cooperative, Inc. and the Northern Municipal Power Agency.

Instructions for Use:

For complete instructions, please refer to the Terms and Conditions, on page 7.

Step 1: Determine Eligibility. Equipment must be new and installed in a facility served by one of the participating municipal or cooperative utilities listed below:

<input type="checkbox"/> Bagley Public Utilities	<input type="checkbox"/> Hawley Public Utilities	<input type="checkbox"/> Roseau Municipal Utilities
<input type="checkbox"/> Baudette Municipal Utilities	<input type="checkbox"/> North Star Electric Cooperative	<input type="checkbox"/> Stephen Municipal Utilities
<input type="checkbox"/> Beltrami Electric Cooperative	<input type="checkbox"/> PKM Electric Cooperative	<input type="checkbox"/> Thief River Falls Municipal Utilities

<input type="checkbox"/> Halstad Municipal Utilities	<input type="checkbox"/> Roseau Electric Cooperative	

Step 2: Install Equipment. New equipment must be installed and old equipment removed. Only new products, which are exact product types listed in this form are eligible for prescriptive incentives. If the potential incentive is greater than \$10,000, contact the utility to get pre-approval.

Step 3: Complete and sign the application. Forms must be received within 60 days of installation. Incomplete applications will cause delays in payment.

Step 4: Attach the following documentation:

- Itemized invoices including costs for equipment installed and installation labor.
- Specification sheets for lamps, ballasts and fixtures installed.

Step 5: Mail completed paperwork to your utility. Addresses are on page 2.

This is a joint offering from participating utilities of the Minnkota Power Cooperative, Inc. (MPC) and the Northern Municipal Power Agency (NMPA). MPC is a regional generation and transmission cooperative serving 11 member-owner distribution cooperatives. Minnkota's service area of 34,500 square miles is located in eastern North Dakota and northwestern Minnesota.
